

SCHOOL TECHNICAL ASSISTANCE TEAM (STAT)

STAT IS HERE TO HELP!

PURPOSE

LACDPH is partnering with LA County schools to help implement the LAC Reopening Protocols for K-12 Schools and protect the health of students and staff on campus.

PROCESS

Once your school has submitted a notification form or been approved for a waiver, a STAT member will reach out by phone to discuss your school's reopening plans and schedule a visit.

SCHOOL VISIT

A STAT member will tour the campus to ensure that the LAC Reopening Protocols have been implemented, provide recommendations to improve campus safety, and address any questions or concerns that come up.

FOLLOW-UP

The STAT member will share their recommendations through email, address any questions or concerns, and provide additional assistance as needed.
