Valencia, CA 91355

Mr. Ken Hintz:

I am pleased to inform you that the TK-2 waiver application you submitted for Old Orchard Elementary School has been approved by the Los Angeles County Department of Public Health. This letter will serve as your documentation of approval. At this time, you may reopen your campus for in person instruction of all students in grades TK through grade 2, in accordance with all applicable Public Health safety protocols.

In the next few days, you will be receiving a call from our School Technical Assistance Team (STAT) to schedule a site visit. The STAT team will serve as a resource to you and support you in meeting all the protocols designed to keep students and staff as safe as possible.

If you have already had a site visit by STAT in response to your notification for reopening for specialized support and services for students with high need, you will not be scheduled for an additional site visit at this time.

We look forward to working with you to ensure that your school reopens safely and all those in your school community stay healthy and safe.

Sincerely,
