

Newhall School District **2022/2023 Enrollment Process**

All enrollments are completed online. If your child's birthday falls within the chart below, your child is eligible to register for the 2022/2023 school year. To verify your child's home school, click on the following link:

[School Site Locator](#)

To begin the enrollment process click on the link below and read the instructions for more information:

<https://newhallsd.asp.aeries.net/air/>

When you have completed your online registration forms, the school office will review the forms and send you an email with a request to schedule an in-person appointment. During that appointment, you will need to bring several documents. These documents are required by our District Office in order to complete your child's registration:

1. Official birth certificate, passport or baptismal certificate.
2. Residency verification in the form of a current (30 days) utility bill: gas, water, electric, cable or residential phone bill. Utility bills must be in the name of the parent(s).
 - a. If just moved into the area and do not have any of the above bills under your name: a lease agreement, rental agreement or closing escrow paperwork will suffice as a **temporary** form of residency.
 - b. If the bills are under someone else's name (*not parent or stepparent*), you must bring that individual with you, along with the bill, as outlined above, and their California Driver's License or ID. You and your residence provider will fill out an Affidavit of Residency in the Office. This form must be renewed annually.
3. Official verification of immunizations.
4. ALL documents will be copied and the originals returned to you.

For additional information, please contact your school office.
