### School Description

Meadows School is located in Valencia, California and is one of ten schools in the Newhall School District. Located in a well-established neighborhood and adjacent to a city park, the Meadows' school community exemplifies the traditional values of honesty, responsibility, hard work, and excellence. Our staff, combined with the efforts of countless volunteers, creates a culture that is caring, student-centered and focused on excellence.

Meadows has experienced a steady increase of student enrollment over the past two years, resulting in a total of 737 TK through 6th grade students being served in 27 regular education classrooms, and 2 NSD, SDC 3 special education mild-moderate special day classrooms. The students in the NSD, SDC 3 classrooms are included in learning experiences with their general education peers as appropriate for their learning goals. Many of the students live within the Meadows School boundaries; however, approximately 181 students attend Meadows as a result of inter-district and intra-district approved transfer requests. Twenty different languages are spoken by students and families of Meadows.

### Goals for the 2018-2019 School Year

- Establish MW's Collective Commitments aligned to NSD Best Practices
- Create a sense of urgency around targeted students in every classroom
- Cultivate the climate on campus to inspire teacher learning
- Implement MW's Positive Behavior Intervention and Supports across school campus
- Refine school-wide safety and security protocols
- Respond to the social and emotional needs of all students
- Increase attendance rates while decreasing the number of students arriving late to school
- Lower suspension rates
- Increase parent involvement
- Commit to establishing a PLC culture that is inclusive of all learners
- Continue to brand the "Meadows family" in the community via social media sites

### Student Impact

- Teach ELA and math standards to mastery
- Provide ELA and Math Tier 2 and Tier 3 intervention, 4 times a week, if/when needed
- Provide ELD designated supports daily for 30 minutes
- Empower students to know and understand daily learning targets
- Offer students opportunities to self-assess their understanding of the learning targets
- Teach and encourage students to use student discourse structures
- Access to school counselor and school psychologist to ensure their social and emotional well-being
- Opportunities to be serve in leadership roles (Student Council, GATE Literacy Leaders, Kindness Ambassadors, Student Valet, Circle of Friends).
- Encourage students to challenge themselves, make good choices, and be kind to others in a variety of ways (Patriotic Morning Ceremonies, Rockstar Picnic with Principals, MWs First Lego League Robotics, afterschool enrichment classes)

## Staff Impact

- Participate in job-embedded professional development, including inquiry cycles, that is facilitated by site administration and/or the Instructional Leadership Team and grounded in the partnership with Center for Educational Leadership teaching framework (5 Dimensions of Teaching and Learning)
- Take part in grade level “Little by Little” monthly FOCUS
- Have a voice in a master school schedule that maximizes personnel to serve students
- Ongoing professional development opportunities to refine grade level PLC work
- Observe the positive impact on student learning in relation to learning targets and student self-assessment
- Work collaboratively with math and literacy coaches
- Begin the work of engaging in teacher learning cycles

## Family/Community Impact

- Receive weekly Meadows Messenger newsletter from Principal
- Access to an updated school website
- Opportunities to serve in leadership roles (SSC, PTSA, Foundation, Room Parent)
- Access to Instagram, Facebook, and Twitter social media sites that celebrate student learning, classroom and grade level instruction/projects, PTSA/Foundation/NSD events, and our Meadows family
- Opportunities to be a Hero of the Day and/or participate in monthly Flag Days
- Recipients of invitations to attend ongoing Parent Literacy and Math trainings
- As champions for children, the Meadows staff works tirelessly to ensure that all students experience academic and social/emotional success and personal growth. The school community embraces a year-long theme that focuses on building strong character traits of courage, kindness, respect, ownership, and cooperation throughout the school year. Throughout the 2018-19 school year, the theme of “The Greatest Accomplishments are Achieved Little by Little” will celebrate staff and students’ ongoing efforts to achieve excellence.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### School Facility Conditions and Planned Improvements (Most Recent Year)

The Newhall School District is very concerned about the safety of our students, staff, parents, and community members. The following outlines the various steps the Newhall School District takes to ensure we have clean, safe, and well maintained schools.

#### Cleanliness

The Newhall School District provides custodial staffing so that every classroom at every school can be cleaned daily. We also clean all Preschools and Kindergarten bathrooms and offices on a daily basis. Our Director of Facilities routinely inspects our schools to ensure they are kept in a clean, safe and orderly condition. Our custodial staff has been directed to notify the school Principal or Office Manager of any safety hazard or maintenance issue that requires immediate attention. The Office Manager will submit a work order via our net-based work order program where the Director of Facilities reviews and distributes work orders to maintenance staff. Safety related work orders are labeled number one priority!

#### Weekly School Visits / Inspections

The Director of Facilities visits and inspects two schools every week

#### Security

We ask that all parents and visitors check in with the main office at each school. To assist staff in communicating on site, two-way radios are used by administrative staff, office staff, and safety supervisors. Each school provides playground supervision to ensure our students are properly supervised during recess and identify any safety or security concerns to the school administrative team.

#### Risk Manager

The Newhall School District employs a Risk Manager. This employee routinely visits all of our schools and inspects each school regularly. Our Risk Manager is also a Certified Playground Inspector and inspects each school's playground equipment. The inspection includes making sure the equipment is safe, has sufficient fall material, and that there are no loose nuts/bolts and any other potential hazard. If there are any safety concerns regarding the playground equipment, we prohibit the use of the equipment and have the problem resolved immediately.

#### Age of Schools

The Newhall School District includes 10 schools. Our newest school was constructed in 2005-2006. Eight schools are either less than 13 years old or have been "modernized" with local and State bond funds. "Modernization" may include utility infrastructure replacement, new carpeting, new lights, new windows and doors, new locks, new interior and/or exterior wall paneling, fire alarms, communications systems, internet infrastructure to all classrooms, storage, roof replacement, interior/exterior painting, library renovation, and bathroom renovation.

The district successfully passed Measure E, a \$60 million school construction and modernization bond, in 2011. Projects include the replacement of aging portable classrooms with permanent buildings, the renovation of Newhall Elementary School auditorium, upgrades to the district infrastructure including technology, energy management, communications and utility controls. A significant investment in classroom technology has been completed.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

### Opportunities for Parental Involvement (School Year 2018-19)

One of the Newhall School District's main goals is to build a partnership among all stakeholders in supporting student achievement. Parents are critical stakeholders as they are their child's first teachers. During the school years, parents are important partners in helping their child succeed. They attend school events, conference with teachers, ensure homework is completed, volunteer in the classroom, serve on school committees and, overall, are the primary stewards of their children's education.

Our school welcomes this partnership and offers many ways (in addition to those listed above) parents can make a difference not only for their own child but also for the entire school. These include membership in our Parent-Teacher Association (PTA), Parent-Teacher Organization (PTO), school foundation, School Site Council, or our English Learner Advisory Committee. All of these entities have one thing in common: provide the best education to our students.

Our belief in strong parent involvement is backed by the District's Local Control Accountability Plan (LCAP\*\*). Under Parent Involvement, the Plan calls for increased parent engagement (involvement in school programs/activities; feedback on school performance) through the following:

- Track and increase parent volunteer hours
- Track and increase attendance at school and District events
- Track percentage of parent attendance at fall conferences and at Back-to-School Night
- Track annual fundraising for each site
- Implement new District/site website designs and a new messaging system
- Provide each site a bilingual Community Liaison to maximize parent involvement in their child's education
- Implement annual School Effectiveness surveys
- Purchase and utilize transmitter/receivers for simultaneous translation

Our school staff and various parent committees seek input through parent education events, parent conferences, School Site Council and through other surveys. We keep parents well-informed through newsletters, social media sites (Facebook, Instagram, Twitter), calendars and through frequent use of the Blackboard Connect messaging system.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

Every school in the Newhall School District has a comprehensive safety plan that is reviewed and updated annually. For further information please contact Tim Palmer, District Safety Coordinator, at (661) 291-4196.

**Professional Development provided for Teachers**

The Newhall School District provides professional development to staff in an effort to enable all students to become proficient or advanced in the Common Core California academic content standards as measured by the CAASPP test. Ongoing efforts in staff development focus on English Language Arts, English Language Development, Mathematics, Science, Guided Language Acquisition Design, Depth and Complexity Icons, Thinking Maps, and the NSD Coherent Writing Program.

Professional development in the core subjects is designed to support the instructional shifts in English Language Arts and Mathematics under the new California State Standards. The role of the classroom teacher shifts from an instructor to a facilitator of learning in this model. In this professional development, teachers are shown how to expect students to work collaboratively together to problem solve and communicate their learning based upon cited evidence and a deeper understanding of ideas. This instructional model demonstrates that student-to-student discourse is frequent and on-going throughout the arc of the lesson. Teachers engage in activities that illustrate how students must be given opportunities to explore and demonstrate their learning with manipulatives and other technology tools. Teachers engage in multiple professional development opportunities throughout the year and engage with Instructional Coaches to reinforce this work.

Guided Language Acquisition Design (GLAD) is an instructional model with clear, practical instructional strategies for developing metacognitive use of high level academic language and literacy skills. All new teachers to the district attend a total of 7 days of learning in this model. The structure, strategies, and classroom implications are invaluable in a multi-lingual setting. GLAD monthly meetings are held with the trainers and the trained teachers to celebrate successes and to discuss concerns and future plans.

Newhall School District's Coherent Writing Program (CWP) is another example of high quality and ongoing professional development provided to all teachers within the Newhall School District. Implementing the CWP entails comprehensive professional development; teachers receive an initial presentation (by teacher-leaders from the CWP's Writing Professional Development Committee) on a given genre, teach the genre to students, return for a follow-up session to score and analyze student work, and finally, administer a formative (benchmark) assessment, using the results to effect improved performance. All new teachers or teachers new to a grade level receive this training on three genres. After a full year of professional development, teachers attend "tune-up" sessions in subsequent years to learn/share new strategies through examination of their students' work. Overall, the intent is to increase teachers' sophistication in their pedagogy, year-to-year.

Thinking Maps, Tools for Learning is an additional high quality professional development opportunity for teachers within the Newhall School District. It is a powerful and distinctive thirty-hour hands-on course that provides teachers with a series of dynamic learning experiences in the 8 fundamental thinking processes. The course provides an intense study of visual-verbal learning maps, each based on a set of tools showing relationships. This course is carefully crafted, giving teachers the tools that enable them to promote continuous cognitive development. Thinking Maps can be used consistently across disciplines and grade levels to advance integrated thinking and interdisciplinary learning.

Depth and Complexity Icon Training is also offered through the district. This training gives teachers additional differentiation strategies to use. The strategies help students use high-level thinking skills to analyze text and write responses.

The Induction Program provides an effective transition into the teaching career for first- and second-year teachers. Each new teacher is paired with a support provider who provides intensive individualized support and assistance. An induction plan is in place for each participating beginning teacher and is based on an ongoing assessment of the development of the beginning teacher. This program ensures continuous improvement through ongoing research, development, and evaluation for the first two years of teacher service. Additionally, Newhall School District provides coaching opportunities before and during the school year to teachers new to the district (either beginning teachers or teachers coming from other districts). Administrators monitor and meet with new teachers over the course of the year, both individually and as a group, to provide an opportunity to ask questions, discuss needs, and clarify school goals and priorities.

### Types of Services Funded

- Supplemental: Instructional Support Materials, Site Tech-Support, Intervention Services, Translation Devices
- GATE: District-wide GATE Parent Nights
- Title III: Interpreters, GLAD Instructional Support, Language Intervention Support
- Intervention: School Day Tier II and Tier III intervention support

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
