2021-2022 School Accountability Report Card

(Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Dr. J. Michael McGrath Elementary School is one of ten schools in the Newhall School District. It is located in the Santa Clarita Valley north of Los Angeles. McGrath consists of a core building housing the library, multipurpose room, and school offices; three two-story classroom buildings connected by walkways surrounding the core building; four portable classrooms; a kindergarten building; and a preschool facility. The certificated staff includes: the principal, one full time assistant principal, eighteen full-time classroom teachers, one full-time Learning Support Teacher, two full-time Response to Intervention (RTI) Teachers, two part-time Tier II/III intervention teachers, and one full-time Resource Specialist Program (RSP) teacher. Itinerant teachers include: two orchestra teachers one day a week, a choral music teacher one day a week, and an art teacher for grades 3rd - 6th one day per week. Support staff includes a full-time school psychologist, two full-time school counselors, one part-time Speech/Language contracted service provider, eight safety supervisors, one part-time itinerant Occupational Therapist (OT), and an itinerant Adaptive Physical Education (APE) teacher. Office staff consists of the office manager, one full-time office assistant, one full-time health assistant, one full-time community outreach, one part-time English Language Assistant, a full-time Technology Site Support Technician and a production center coordinator. Class sizes for kindergarten through third grade average 28 and 30 for grades four through sixth. A State preschool program operates in its own building on campus, offering both morning and afternoon sessions. McGrath receives federal funds in addition to the state funding allocated by the District. All funding sources are incorporated into the Single Plan for Student Achievement (SPSA) and overseen by the School Site Council. These funding sources support the Single Plan's academic improvement goals. All students in K-6 who are at-risk or in need of support and/or intervention have access to the programs funded with federal money.

The school serves a residential population in the Newhall community. Housing in the community includes apartments, condominiums, single-family homes, and mobile homes. The current enrollment is 495 students. The school's English Language Learner (ELL) population represents 41% of the total student body; the socio-economically disadvantaged population represents 73% of the total school population, a drop from 88% in 2021-2022. The students with disabilities population represents 12% of the school population.

To meet the varied academic, social and emotional needs of all of our students, McGrath Elementary has specialized school programs for students. These include Gifted and Talented Education (GATE), Response to Intervention (RTI), After School Enrichment and Safety Program (ASES), After School Academy (ASA), Before School Academy (BSA), grade level Book

2022-23 School Overview

Clubs, school-wide technology initiatives, counseling services, Positive Behavior Intervention and Support (PBIS), Kelso's Choices, social skills groups, a theme of the month that promotes a Growth Mindset, a Student Council, STAR students, as well as awards for attendance and academic achievement. At our school, our community comes together so that students achieve success every day. We provide a safe environment for our students to thrive and reach their potential.

To support our programs at McGrath, we build capacity within our staff and as a result have many leadership teams on campus to support continued staff and student growth. The Grade Level Team Leaders (TL), Response to Intervention Team (RTI), Instructional Leadership Team (ILT), Positive Behavior Intervention and Support Team (PBIS), and English Learner Teacher Lead, are committed to working together to examine student performance data. The results of those analyses inform teaching, inquiry cycles, and support programs and practices to eliminate achievement gaps or extend learning. Trends also dictate the focus of future professional development for teachers.

These efforts combined with our opportunities for parent involvement have resulted in McGrath receiving the Title I Achieving Schools Award six years in a row from 2008 – 2013. The school was named a California Business for Education Honor Roll School six years in a row, 2009 – 2014. McGrath was designated a California Distinguished School in the Spring of 2010 for its outstanding academic achievement and for closing the achievement gap for all significant subgroups. McGrath School received the highest national award when designated as a National Blue Ribbon School for the 2010/2011 school year. In 2019 and 2020, McGrath received the Silver Award for PBIS. In 2019-2020, McGrath was named a top Los Angeles Public Innovates School and was placed on the Honor Roll by the Educational Results Partnership for getting students to grade-level and beyond. In 2022, McGrath was awarded the California Pivotal Practice Award for excellence in education during the Covid-19 Pandemic.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Newhall School District is very concerned about the safety of our students, staff, parents, and community members. The following outlines the various steps the Newhall School District takes to ensure we have clean, safe, and well maintained schools.

Cleanliness

The Newhall School District provides custodial staffing so that every classroom at every school can be cleaned daily. We also clean all Preschools and Kindergarten bathrooms and offices on a daily basis. Our Director of Facilities, Maintenance, and Operations (FMO) routinely inspects our schools to ensure they are kept in a clean, safe and orderly condition. Our custodial staff has been directed to notify the school Principal or Office Manager of any safety hazard or maintenance issue that requires immediate attention. The Office Manager will submit a work order via our net-based work order program where the Director FMO reviews and distributes work orders to maintenance staff. Safety related work orders are labeled number one priority!

Weekly School Visits / Inspections

The Director FMO visits and inspects two schools every week

Security

We ask that all parents and visitors check in with the main office at each school. The district also utilizes a Visitor Management System (Raptor) to screen visitors. To assist staff in communicating on site, two-way radios are used by administrative staff, office staff, and safety supervisors. Each school provides playground supervision to ensure our students are properly supervised during recess and identify any safety or security concerns to the school administrative team.

Age of Schools

The Newhall School District includes 10 schools. Our newest school was constructed in 2005-2006. Eight schools are either less than 16 years old or have been “modernized” with local and State bond funds. “Modernization” may include utility infrastructure replacement, new carpeting, new lights, new windows and doors, new locks, new interior and/or exterior wall paneling, fire alarms, communications systems, internet infrastructure to all classrooms, storage, roof replacement, interior/exterior painting, library renovation, and bathroom renovation.

The district successfully passed Measure E, a \$60 million school construction and modernization bond, in 2011. Projects include the replacement of aging portable classrooms with permanent buildings, the renovation of Newhall Elementary School auditorium, upgrades to the district infrastructure including technology, energy management, communications and utility controls. A significant investment in classroom technology has been completed.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	48	N/A	66	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

One of the Newhall School District's main goals is to build a partnership among all stakeholders in supporting student achievement. Parents are critical stakeholders as they are their child's first teachers and are important partners in helping their child succeed. They attend school events, conference with teachers, ensure homework is completed and, overall, serve as the primary stewards of their children's education.

Our school's orderly, purposeful, child-centered environment is conducive to learning and achievement and continues to welcome students, parents and community members. The spirit on campus is inclusive and students are eager to share their school life with those important to them and those who reach out to support them. When on site, families of children volunteer in our classrooms and production center. Parents and guardians also serve on our Parent Teacher Association (PTA), our School Site Council (SSC) and our English Learner Advisory Committee (ELAC). We include parents in school events such as the Back to School Night, Parent Institute for Quality Education (PIQE), Latino Family Literacy, Pajamarama, 6th Grade Celebration Week, Family Nights, field trips, and the annual Halloween Parade. We also partner with the community. The City of Santa Clarita provides Family Movie Nights for our families. College of the Canyons Performing Arts Center (COC PAC) provides "bus-in" field trips and workshops, and the SCV Education Foundation provides the Bag of Books program as well as Read with Me! volunteers who support reading in classrooms and tutor students on campus. Costco and Walmart donate backpacks and school supplies to support our students' education. In addition, the Assistance League of Santa Clarita Valley provides clothing to our students through Operation School Bell. Other McGrath community supporters include the City of Santa Clarita Library, Community Center and Homework Help Center, Boys and Girls Club, Santa Clarita Valley YMCA, Samuel Dixon Health Center, The Salvation Army, Girl Scouts of Greater Los Angeles, Child and Family Center, Children's Bureau, Placerita Canyon Nature Center, Wm. S. Hart Museum, Santa Clarita Valley School Food Services Agency and the SCV Sheriff's Department.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.
