## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Peachland Elementary School is located in Newhall, California, a suburban area north of Los Angeles. Built in 1960, Peachland was designed to accommodate 490 students. During the current 22-23 school year, the school is serving approximately 525 students from universal kindergarten through sixth grade. Approximately 72 students are served in Peachland's Special Day Class (SDC) Preschool program. Students enter this program throughout the year as they turn three years old and become eligible for special education services. One general education preschool class is also located on our campus.

The school serves a residential population in the Newhall community. Housing in the community includes apartments, condominiums, and single-family homes. Per the California Department of Education report, the English Learner (EL) population represented 28% of the total student body, and the number of students qualifying for Free/Reduced lunch was 42%. The two predominant student groups are Hispanic or Latino (60%) and White (31%); the remaining 9% are "Asian at 1%, Filipino at .4%, Black at 1.3%, and 7% other". Many of the students live in the local school area, although approximately 150 general education students travel from the East Newhall area to attend Peachland. There is a wide range of socioeconomic

backgrounds among Peachland families.

A strong partnership between families and our school is paramount to our students' academic and social development. Throughout the year, parents are invited to come to school for various school-community events including, Back to School Night, Open House, and Parent/Teacher Conferences. Our Parent Teacher Association (PTA), School Site Council (SSC), Special Education Advisory Council (SEAC), and English Learner Advisory Committee (ELAC) meetings provide additional involvement opportunities for parents. This year, we continue to implement a school-wide behavior framework that reinforces our commitment to providing a safe and effective learning environment for all students. Students and staff focus on three behavior expectations- Be Safe, Be Respectful, and Be Scholarly. We hold school-wide assemblies to recognize and celebrate students who exemplify these behaviors.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## School Facility Conditions and Planned Improvements

The Newhall School District is very concerned about the safety of our students, staff, parents, and community members. The following outlines the various steps the Newhall School District takes to ensure we have clean, safe, and well maintained schools.

### Cleanliness

The Newhall School District provides custodial staffing so that every classroom at every school can be cleaned daily. We also clean all Preschools and Kindergarten bathrooms and offices on a daily basis. Our Director of Facilities, Maintenance, and Operations (FMO) routinely inspects our schools to ensure they are kept in a clean, safe and orderly condition. Our custodial staff has been directed to notify the school Principal or Office Manager of any safety hazard or maintenance issue that requires immediate attention. The Office Manager will submit a work order via our net-based work order program where the Director FMO reviews and distributes work orders to maintenance staff. Safety related work orders are labeled number one priority!

### Weekly School Visits / Inspections

The Director FMO visits and inspects two schools every week

### Security

We ask that all parents and visitors check in with the main office at each school. The district also utilizes a Visitor Management System (Raptor) to screen visitors. To assist staff in communicating on site, two-way radios are used by administrative staff, office staff, and safety supervisors. Each school provides playground supervision to ensure our students are properly supervised during recess and identify any safety or security concerns to the school administrative team.

### Age of Schools

The Newhall School District includes 10 schools. Our newest school was constructed in 2005-2006. Eight schools are either less than 16 years old or have been “modernized” with local and State bond funds. “Modernization” may include utility infrastructure replacement, new carpeting, new lights, new windows and doors, new locks, new interior and/or exterior wall paneling, fire alarms, communications systems, internet infrastructure to all classrooms, storage, roof replacement, interior/exterior painting, library renovation, and bathroom renovation.

The district successfully passed Measure E, a \$60 million school construction and modernization bond, in 2011. Projects include the replacement of aging portable classrooms with permanent buildings, the renovation of Newhall Elementary School auditorium, upgrades to the district infrastructure including technology, energy management, communications and utility controls. A significant investment in classroom technology has been completed.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	59	N/A	66	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	62	N/A	62	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

One of the Newhall School District's main goals is to build a partnership among all stakeholders in supporting student achievement. Parents are critical stakeholders as they are their child's first teachers. During the school years, parents are important partners in helping their children succeed. They attend school events, and conferences with teachers. They help ensure homework is completed, volunteer in the classroom, serve on school committees, and, overall, are the primary stewards of their children's education.

Our school welcomes this partnership and offers many ways (in addition to those listed above) parents can make a difference not only for their own child but also for the entire school. These include membership in our Parent-Teacher Association (PTA), School Site Council, Special Education Advisory Council (SEAC), or English Learner Advisory Committee. Additionally, our site is holding multiple parent education events focused on reading, social-emotional learning, and enrichment through the sciences. We are offering EL parents Latino Literacy Project to assist in reading support. Events take place all year long at our site and within the district to bring students and families together. All of these entities have one thing in common: provide the best education to our students through stakeholder partnerships.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.
