2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Valencia Valley School is a California Distinguished School located in the City of Santa Clarita, and is one of ten schools in the Newhall School District (NSD). In a typical school year, Valencia Valley maintains an average enrollment of 689-744 students in grades UPK-6. Twenty two different languages are spoken by students and families of VV, and the school continues to become more and more diverse. Valencia Valley's student population is 50% White, 29% Hispanic, 6% Asian, 4% Filipino, 1% Black/African American and 10% other ethnicities. English Learners comprised about 7.7% of our student body. Valencia Valley also has the NSD SDC 3 Program, in which 31 students are currently enrolled. They share learning experiences with their general education peers as appropriate for their learning goals. Valencia Valley School consists of a core building housing classrooms, the library, multi-purpose room, science lab, and school offices. There are two outside buildings with fourth, fifth, sixth grade classrooms.

As part of the Newhall School District, students who attend NSD are provided with a comprehensive program which includes, music and art. In addition our campus provides both intervention and extension opportunities including WIN (What I Need), GATE, and Student Council. Teachers operate as a Professional Learning Community, studying students' academic and social performance. The data drives instructional decisions, including grouping students for WIN time and referral for further study or services such as (Student Support Team) SST and counseling services. We have a full time counselor who runs groups, sees students one-on-one and provides lessons to classes and grade levels.

Our PBIS program is grounded in a research based framework. Our PBIS program has made a positive impact at Valencia Valley Elementary in terms of student behavior and adult behavior. It is preventative, multi-tiered and equitable for ALL students. We have created a shared vision with a common language, shared beliefs about behavior, and common behavior expectations that are clear to staff and students. Our staff, parents, and students have worked collaboratively to create common behavior expectations at school and at home during distance learning. We are Vikings On a Quest to be Respectful, Responsible, and Safe. Teachers and staff have explicitly taught expectations to our students in each school setting including the home setting. PBIS incentives are offered for positive behavior choices and attendance.

For the 2022-23 school year, Valencia Valley School staff includes:

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

The Newhall School District is very concerned about the safety of our students, staff, parents, and community members. The following outlines the various steps the Newhall School District takes to ensure we have clean, safe, and well maintained schools.

Cleanliness

The Newhall School District provides custodial staffing so that every classroom at every school can be cleaned daily. We also clean all Preschools and Kindergarten bathrooms and offices on a daily basis. Our Director of Facilities, Maintenance, and Operations (FMO) routinely inspects our schools to ensure they are kept in a clean, safe and orderly condition. Our custodial staff has been directed to notify the school Principal or Office Manager of any safety hazard or maintenance issue that requires immediate attention. The Office Manager will submit a work order via our net-based work order program where the Director FMO reviews and distributes work orders to maintenance staff. Safety related work orders are labeled number one priority!

Weekly School Visits / Inspections

The Director FMO visits and inspects two schools every week

Security

We ask that all parents and visitors check in with the main office at each school. The district also utilizes a Visitor Management System (Raptor) to screen visitors. To assist staff in communicating on site, two-way radios are used by administrative staff, office staff, and safety supervisors. Each school provides playground supervision to ensure our students are properly supervised during recess and identify any safety or security concerns to the school administrative team.

Age of Schools

The Newhall School District includes 10 schools. Our newest school was constructed in 2005-2006. Eight schools are either less than 16 years old or have been “modernized” with local and State bond funds. “Modernization” may include utility infrastructure replacement, new carpeting, new lights, new windows and doors, new locks, new interior and/or exterior wall paneling, fire alarms, communications systems, internet infrastructure to all classrooms, storage, roof replacement, interior/exterior painting, library renovation, and bathroom renovation.

The district successfully passed Measure E, a \$60 million school construction and modernization bond, in 2011. Projects include the replacement of aging portable classrooms with permanent buildings, the renovation of Newhall Elementary School auditorium, upgrades to the district infrastructure including technology, energy management, communications and utility controls. A significant investment in classroom technology has been completed.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	74	N/A	66	N/A	47

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

At Valencia Valley, we believe that it is the partnership with families that completes a rich school experience. We have many opportunities for families to participate in their child's education. Parents can be a part of PTA or our Technology Foundation, raising funds and promoting family involvement. They can serve as School Site Council or English Learner Advisory Committee members. Parents are invited to be active partners through communication with teachers and administrators through Parent Square. School administrators keep an open line of communication through regularly scheduled Coffee and Chat meetings where relevant topics can be discussed more informally. In the 2022-23 school year, we look forward to partnering with parents to re-imagine our school mission and vision. Together, families and school staff create the warm, caring, intentional environment for which Valencia Valley is known!

Our belief in strong parent involvement is backed by the District's Local Control Accountability Plan (LCAP). Under Parent Involvement, the plan calls for increased parent engagement (involvement in school programs/activities; feedback on school performance) through the following:

- Track and increase parent volunteer hours
- Track and increase attendance at school and District events
- Track percentage of parent attendance at fall conferences and at Back-to-School Night
- Track annual fundraising for each site
- Implement District/site website designs and a new messaging system
- Provide each site a bilingual Community Liaison to maximize parent involvement in their child's education
- Implement annual School Effectiveness surveys

Our school staff and various parent committees seek input through parent education events, parent conferences, School Site Council and through other surveys. We keep parents well-informed through newsletters, calendars and through frequent use of the Parent Square messaging system.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Suspensions	0.00	0.43	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2021-22 Types of Services Funded

As part of the Newhall School District, Valencia Valley has a part time bilingual Community Liaison who works to help enhance communication between home and school. The Community Liaison's role includes translating orally or in writing during school hours as well as evening events, parent meetings, IEPs and various group meetings. Additionally, she answers questions, provides resources and helps build relationships between parents and various members of the school.

Our Site Supplemental allocation is used to support "What I Need" (WIN) time. During WIN, students are grouped across each grade level and teachers and support staff provide instruction the students' levels, based on grade level common formative assessments. Funding for curriculum specialists and a part time credentialed teacher is through our supplemental budget.
