2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
Dr. J. Michael McGrath Elementary School is one of ten schools in the Newhall School District. It is located in the Santa Clarita Valley north of Los Angeles. The school serves a residential population in the Newhall community. We are committed to creating an environment that ensures successful learning for all students. We do this by focusing on state content standards, tailoring instruction to each student's instructional level, and providing comprehensive support to challenge our students to reach their academic potential and become positive contributors to their community, now and in the future. We aspire to ensure that every child receives a premium education which closes the student opportunity gap and combats racial and educational injustice. We encourage our students daily to follow our 3Bs (Be safe, Be respectful, Be responsible).

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The Newhall School District is fully committed to providing a safe and secure environment for our students, staff, parents, and community members. We take proactive and comprehensive measures to ensure our schools are clean, safe, and well-maintained. The following outlines the steps we take to uphold these high standards.

Cleanliness and Maintenance

The Newhall School District prioritizes maintaining clean, safe, and well-maintained campuses. Custodial staff ensure every classroom, preschool, kindergarten bathroom, and office is cleaned daily. To uphold high standards, the Director of Facilities, Maintenance, and Operations (FMO) routinely inspects schools to confirm they are in a clean, safe, and orderly condition. Custodians promptly report any safety hazards or maintenance concerns to the school principal or office manager. Using our efficient, web-based work order system, office managers submit maintenance requests, which are reviewed and assigned by the Director of FMO. Safety-related work orders are always given the highest priority.

Weekly School Visits and Inspections

School Facility Conditions and Planned Improvements

The Director of FMO conducts on-site inspections of two schools every week to ensure consistent adherence to safety and cleanliness standards.

Security
The Newhall School District is committed to creating secure learning environments. All parents and visitors are required to check in at the main office upon arrival, where our Visitor Management System (Raptor) screens all visitors for safety. To facilitate communication, two-way radios are used by administrative staff, office personnel, and safety supervisors. Additionally, playground supervision is provided at each school to ensure student safety during recess, promptly address concerns, and communicate with the administrative team as needed.

Age of Schools and Modernization
The Newhall School District encompasses 10 schools, with the newest constructed in 2005-2006. Eight of the district’s schools are less than 16 years old or have been modernized using local and state bond funds. Modernization projects include upgrades such as:

- Utility infrastructure replacements,
- New carpeting, lighting, windows, and doors,
- Improved locks, fire alarms, and communications systems,
- Enhanced internet infrastructure for classrooms,
- Roof replacements, interior/exterior painting, and storage solutions,
- Renovations of libraries, classrooms, and bathrooms

Thanks to the successful passage of Measure E in 2011, a \$60 million school construction and modernization bond, the district has replaced aging portable classrooms with permanent buildings, upgraded the Newhall Elementary School auditorium, and enhanced technology, energy management, communications, and utility infrastructure. These investments ensure our facilities meet the needs of students and staff while supporting innovative learning environments.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results					
This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
One of the McGrath's main goals is to build a partnership among our families in supporting student achievement. Parents are critical stakeholders as they are their child's first teachers and are important partners in helping their child succeed. They attend school events, conference with teachers, ensure homework is completed and, overall, serve as the primary stewards of their children's education. Our school's orderly, purposeful, child-centered environment is conducive to learning and achievement and continues to welcome students, parents and community members. Parents and guardians also serve on our Parent Teacher Association (PTA), our School Site Council (SSC) and our English Learner Advisory Committee (ELAC). We include parents in school events such as the Back to School Night, Pajamarama Reading Event, Trunk and Treat, Bingo for Books, dances, family education nights, field trips, and Student of the Month Assemblies. We also collaborate with the community.
